RE: NEW ADDRESS ASSIGNMENT

Dear Postmaster:

The township recently approved the building of a new Emergency Services building. The property is directly located across from the Exeter Township public works building on parcel #43532508897742.

We are seeking to add an address to the new building on the site to align with the changes that have been made.

We are assigning that building the following address: 70 Gibraltar Rd. Please see the attached maps for an explanation.

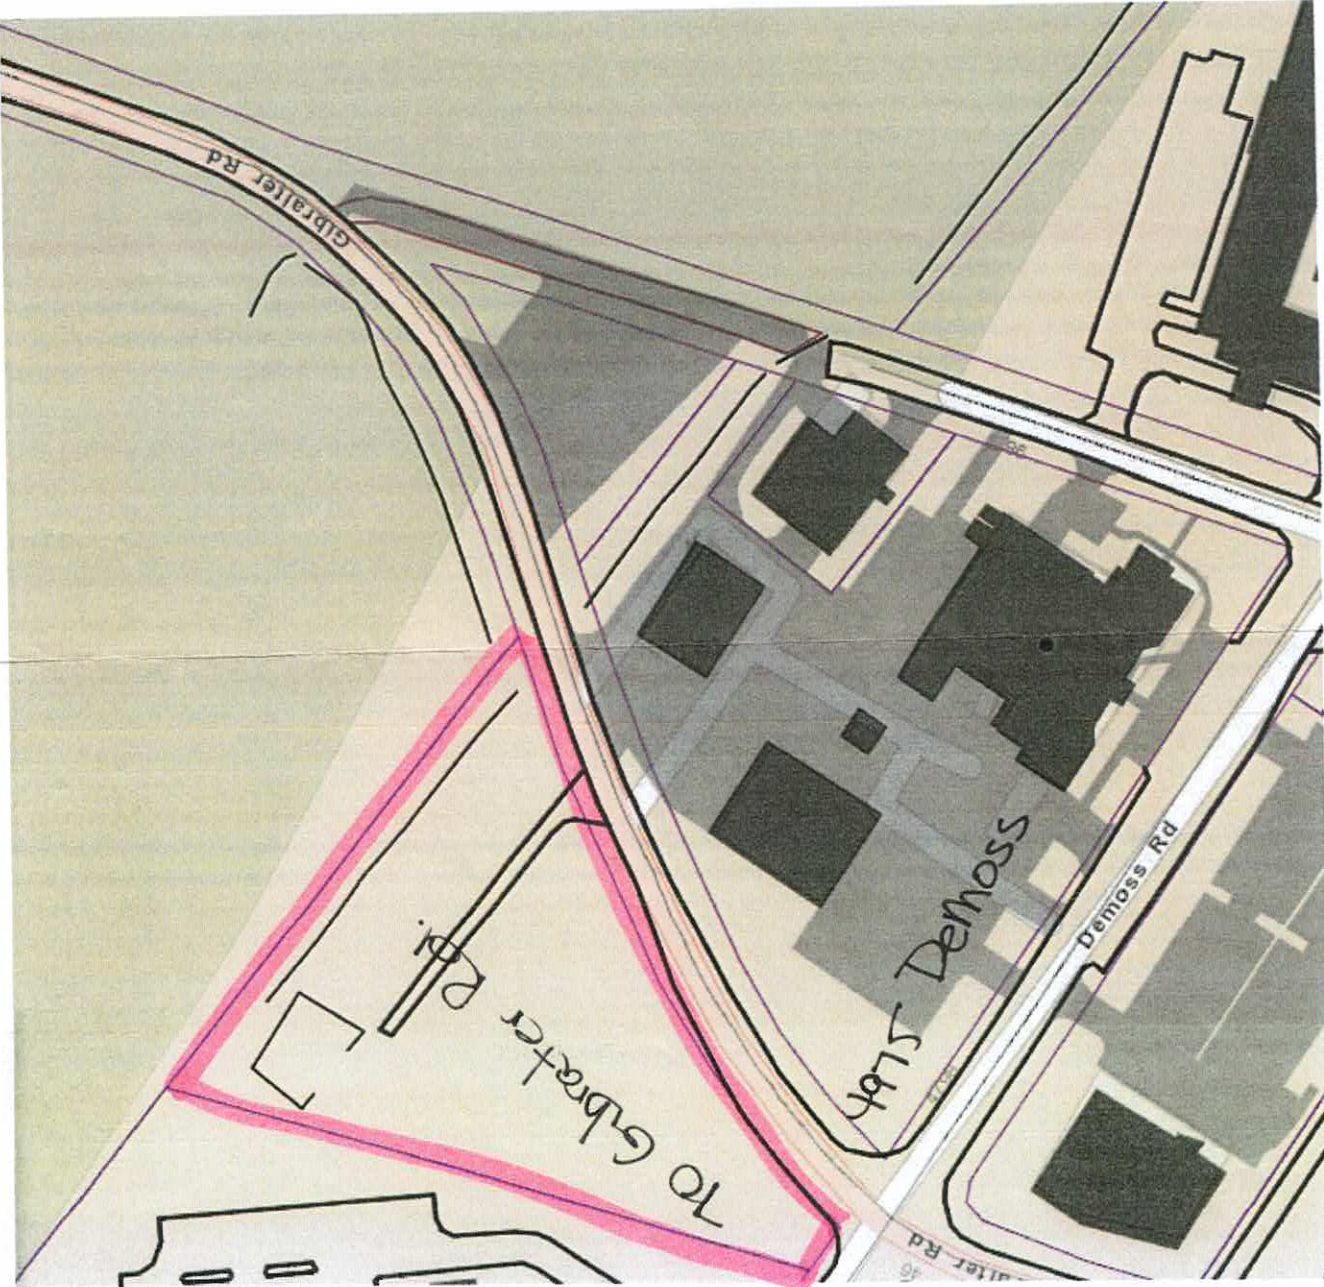

Please feel free to contact me if you have any questions or require any additional information.

Sincerely,

A handwritten signature in blue ink that reads "Jason Hunter".
